I am offering & requesting

Offering : Innovative ingredient/Requesting : distribution-food and food supplement manufacturers

We offer an innovative vegetable ingredient called Luzixine, a new superfood from Alfalfa fresh leaves specially dedicated for food nutrition or food supplements. This concentrated foliar extract is rich in proteins, vitamins, minerals and omega 3. This is a world exclusivity proposed by LRD.

We are looking for russian partners for distribution or russian manufacturer of food or food supplements interested by the use of Luzixine in their formulation.

Cooperation Offered
